

NOIRE T Series by Aberman is unique column speakers where the high output power, amazing clarity of the sound reproduction and compact sizes - all meet in the one product. Speakers design is made by Audio Creation Xperts department of our European Engineering Team. The high quality speaker components especially focused on the music and voice reproduction for sound reinforcement tasks. The NOIRE Series column speaker series are one of the best choices you can make for your project.

The T Series is middle size version of NOIRE column speaker model range. It uses three inch low-mid drivers and providing maximum performance, power and sound quality. T Series contains of three different models - T4, T8 and T12. Each speaker model uses different quantity of 3" high efficient one way full range frequency drivers and one aluminum ribbon tweeter. It is really simple to make a choice - four low-mid drivers for T4, eight drivers for T8 and twelve for T12. This product range gives a perfect way to choose the best solution for different environments, setups and occasions. The wide range of mounting accessories helps not only to do mounting fast and easy, but reliably and flexible to match many of different challenges and scenarios.

NOIRE T series offers maximum quality with high sound sensitivity and coverage, being able to reach between 94db to 98db depending on the model, with 90° x 40° working angle.

The NOIRE column speakers could be used in multiple configurations. Thanks to link ports and optional mounting plates several speakers could be stacked one to another to achieve more power and sound pressure.

The NOIRE speakers are simple and powerful solution for virtually every audio need. Whether it's a small installation or even if you need aggressive power - T series are an ideal choice for your project.

ORDERING INFORMATION

Model No.	Product Description
NOIRE-T4	4x3" Full Range Column Loudspeaker, Black
NOIRE-T8	8x3" Full Range Column Loudspeaker, Black
NOIRE-T12	12x3" Full Range Column Loudspeaker, Black
NOIRE-T4W	4x3" Full Range Column Loudspeaker, White
NOIRE-T8W	8x3" Full Range Column Loudspeaker, White
NOIRE-T12W	12x3" Full Range Column Loudspeaker, White

SPECIFICATIONS

Model	T4	T8	T12
Middle Drivers' Types	4x3"	8x3"	12x3"
Tweeter Types	1x3"	1x4"	
Sensitivity (1W/1m)	94dB	96dB	98dB
Max SPL	114dB	119dB	122dB
Coverage	90° x 40°		
Frequency Response	110Hz-20kHz		
Impedance (Ω)	8	4	
RMS Power	100W	200W	300W
Input Connector	Neutrik Speakon x2 Euro Block 4-pin		
Available Colours	Black / White		
Mounting	Wall/Pendant		
Sizes (mm)			
Width x Deep	124 x 148		
Height	660	1072	1382
Net Weight (kg)	6.3	11.1	14.1

NOIRE T Series Column Speakers Sizes and Dimensions

NOIRE T Series Column Basic Wall Mounting Set
